Customer
Service**

CHIPMASTER 1.5" and 2.5" Hinged Steel Belt Conveyors from Master Conveyors Inc. are available with complete customization built to meet your requirements. We manufacture our own chain and sprockets and utilize standard components to provide you with complete flexibility for the design and function, with quick turnaround!

Exceptional Value

Moving chips and scrap to the waste bin for recycling shouldn't cost a fortune and that's why we value-price CHIPMASTER right . . . from the very beginning.

Master Conveyors is the only Canadian manufacturer of complete systems. With all operations fabricated in-house, we're able to maintain tight control on scheduling, manufacturing and quality.

Durability For the Long-Haul

We recognize the importance of reliable equipment to minimize your production downtime and that's why CHIPMASTER uses standard, dependable components that are readily available. We incorporate features such as high carbon steel tracks and sealed bearings to ensure years of continuous service. Our full year warranty period provides replacement parts at no charge.

**ISO 9001
Certified**
